European Association of Agricultural Economists

Krijn Poppe

Secretary General

Dear Krijn,

Serbian Association of Agricultural Economists (SAAE) had organized Assembly on 22nd October 2010 on Faculty of Economy in Novi Sad. One of the topics was an election of the National Liaison Officer in EAAE for the period 2011-2014. The members of the Association concluded that Professor Danilo Tomic, who played this role in previous period, is the best choice for this position. His past work in our field of interests, in communicating with other colleagues, in transferring information, in organizing seminars and other events on national level gives him references to continue his work at this position.

According to the above mentioned, we are confirming that Liaison Officer for our Association in EAAE for the next period is our colleague professor Danilo Tomic who also accepted this reelection.

His address is:

Somborski bulevar St. No. 52
21000 Novi Sad
