THE SERBIAN ASSOCIATION OF AGRICULTURAL ECONOMISTS  
SRB - Republic of Serbia, 11080 Belgrade – Zemun, Nemanjina 6

No. 2703-P/2015-1

Date: 27 March, 2015

Dear President of the EAAE prof. Dr. Giovanni Anani,

There is only one national association in Serbia – the Serbian Association of Agricultural Economists (SAAE), which organized four EAAE Seminars and now we are in the preparation and implementation of the fifth EAAE Seminar in Serbia in Novi Sad in 2016.

Appreciating the decades-long successful relationship with EAAE, we decided that prof. Danilo Tomic, PhD will continue to be our liaison officers in the EAAE in the forthcoming period.

Colleague Tomic was creatively involved in organizing four EAAE Seminars which resulted in joining about 180 new members in the EAAE. We published proceedings of papers from three EAAE seminars, and after the fourth we prepared CD with all presented papers. All information obtained from the EAAE are available to our membership on the web-site of SAAE. We also prepared two applications for EAAE Congresses in 2014 and 2017, but sadly with no success. Currently we are in the process of intensive preparations for the EAAE Seminar in Novi Sad in 2016.

Until next meeting in Serbia, best regards,

President of the SAAE

Prof. Dr. Miladin Sevarlic
